

HUAWEI ENTERPRISE ICT SOLUTIONS
A BETTER WAY

**"I'm an
IT Manager"**

- David Walter, Architect

**Huawei S1700 Series SMB Switches
– So easy to use,
everyone can be an IT Manager.**

With Huawei S1700 switches, setting up your network is as easy as simply plugging it in and switching it on. The built-in security features protect your network at all times. What's more, its energy-saving benefits will help you save on costs while contributing to a greener planet.

- Placed on desks, walls or racks for more convenience
- One-button system recovery for easy operation
- Access control, traffic control and anti-attack features for secure operation and maintenance
- Fan-less design with port hibernation and Energy Efficient Ethernet (EEE), saving over 30% energy
